### ***McCleary Elected to the Board of TechBridge***

**Atlanta, GA – December 1, 2005** – Merry McCleary, CEO of AVYVE has been elected to a three year seat on the TechBridge Board of Directors. TechBridge is an Atlanta-based nonprofit organization that puts technology know-how in the hands of nonprofits. Their mission is to help other nonprofits to better serve the community.

Ms. McCleary, with eighteen years of experience in the audio visual industry, is President & CEO of AVYVE, headquartered in Atlanta, Georgia. AVYVE is a premiere design integrator of audio visual technologies for corporations, universities, the military and the homes of their leaders.

"I am very pleased to be involved with this organization. They are very passionate about delivering quality technology solutions to our area's nonprofit organizations. These solutions enhance the nonprofits communications with funders and donors, while improving operating efficiencies," says McCleary. "These nonprofits would not have the ability or resources to implement these solutions as cost effectively without the involvement of TechBridge."

TechBridge is home of NPower Atlanta and an affiliate of the NPower Network and provides professional, affordable technology, consulting services and innovative technology solutions that nonprofits need to be successful. TechBridge understands that technology is most effective when it is implemented from a long-range plan that keeps the mission of the nonprofit as its focus. Their hands-on assessment and collaboration with clients allows them to deliver an objective analysis and a careful plan for rapid delivery with substantial results.

#### **About AVYVE:**

Established in 1998, AVYVE is a nationally recognized audio visual system integrator headquartered in Atlanta, Georgia. A team of industry veterans specialize in the integration of a wide range of visual communication solutions for their corporate, medical and higher educational clients, as well as the homes of their leaders. AVYVE's strict focus is on the design, implementation, training and maintenance of their clients' systems. Areas of expertise include boardrooms, training facilities, media rooms, videoconference centers and command control environments commercially. Residentially, AVYVE provides whole home automated technologies encompassing audio distribution, lighting control, phone systems, as well as home theaters, networking solutions and video surveillance.

#### **About TechBridge:**

TechBridge is a nonprofit supporting nonprofits with technology solutions. TechBridge is part of the national NPower affiliate network and provides professional, affordable technology consulting services, innovative technology solutions and access to the financial, technical and human resources that nonprofits need to be successful. TechBridge provides a high-impact opportunity to leverage philanthropic dollars across many nonprofit organizations. Since its inception, TechBridge has facilitated the donation of more than \$2 million in free Microsoft software. In 2005 alone, it completed over 120 technology projects for more than 85 nonprofit clients to enhance their operational efficiencies and improve the delivery of essential services.
